

Dear Friends,

In April 2020, we lost our son and big brother Sam to fentanyl poisoning. We formed the Sam Chase Fund to honor Sam by raising awareness of the dangers of fentanyl and connecting young adults to the specific resources they need to thrive. This coming April 15th, Sam's mom Courtney and Sam's "Aunt" Casey are running the Boston Marathon. They have decided to dedicate the run to spreading awareness of the dangers of fentanyl. We hope to reach as many families and communities as possible.

With your donation, we will be able to deliver information and resources to your community, wherever you are. We know firsthand the dangers of NOT having this information. We are also aware that fentanyl has no boundaries. SCF wants to make this information accessible to all by offering our Fentanyl Resource Kits for your schools, organizations, college campuses, family, friends, etc.

Benefits of the Mile 27 Fundraiser

A Fentanyl Resource Kit for use in your community. Kit contains:

- Narcan
- Fentanyl test strips (included upon request)
- A variety of resources including current data, tips on how to talk to kids about fentanyl, and more
- A video of fentanyl facts and information by Courtney and Chris, appropriate for any age group

How to donate to the Mile 27 Fundraiser

To support this fundraiser, simply click on the link below and type "Mile 27" in the donation notes on the donation page. If you are fundraising for a specific individual or family, please add the name of the person you are supporting. For example, "Mile 27 - Sam Chase". You will receive a receipt for your tax-deductible contribution as soon as the donation is processed. Thank you for considering a donation. Courtney and Casey are training hard and are inspired by the love and support. We hope you will join them in honoring lost loved ones and raising awareness of the dangers of the new drug landscape.
